Metalworking Expertise. Available Now.

Chemetall continuously innovates for performance in metalworking fluids and controlling systems. The benefits of our coolants and lubricants are enhanced tool life, lower disposal costs, increased worker safety, and energy savings. Our process engineering and equipment experts can provide tools to monitor, control, dispense, and treat metalworking systems. Increase your confidence with Chemetall's application and industry approvals.

Cool.

Lubricate.

Protect.

Enhance:

- + Productivity
- + Tool life
- + Sump life
- + System stability
- + Quality
- + Safety
- + Eco-efficiency

Reduce:

- + Consumption
- + Residue
- + Additives
- + Tool wear
- + Drag-out
- + Water and energy use
- + Waste/Effluent

**At Chemetall,
our focus is you,
our metalworking customer.**

Tailor-made expertise from our global team, to enhance the efficiency of your specific processes, is locally available and ready to meet your needs. As process innovators fully dedicated to your success, we innovate, develop, manufacture, and supply best-in-class technologies, systems, and solutions for you.

Tech Cool® — The Cleaner Line of Coolants.

Proving to be the cleanest running coolants in the metalworking industry!

- Enhance your productivity.
- Easy maintenance.
- Improved chip handling.
- Extended tool life.
- Reduced consumption.
- Operator endorsed.

Everything you need for every application!
Metalworking's one-stop shop.
Supporting manufacturing efficiency in
every industry around the globe.

Cut it. Clean it. Coat it. Control it. Conserve it.® with us!

Trust Chemetall's industry-proven expertise and solutions to increase your metalworking productivity.

Along with individual process support, we manufacture a full line of products to maximize productivity in every aspect of the metalworking industry. Our innovative and award-winning line of Tech Cool metalworking fluids includes synthetic fluids, semi-synthetic fluids, and soluble oils. We also offer drawing and stamping compounds and industrial lubricants. Turn to us for the equipment and expertise needed to monitor, control, dispense, and treat consumables.

We are the Surface Treatment global business unit of the Coatings division of BASF, operating under the Chemetall brand, a leading supplier of applied surface treatments and services for metal, plastic, and glass substrates in a vast range of industries and end markets. As process innovators, fully dedicated to your success, we develop, manufacture, and provide best-in-class technologies, systems, and expertise.

Cut it. Clean it. Coat it. Control it. Conserve it.® with us!
